Date: _____

Apartment: _____

Dear Resident:

Pronto Pest will be entering your apt. on the following date _____ to treat for fleas. In order to ensure the best treatment results for fleas the resident must cooperate in the preparation of their apartment for treatment.

The resident must:

1. Remove all clutter from floors, around and under bed, and furniture as well as clutter on furniture.
2. Vacuum all flooring area prior to treatment and dispose of contents of vacuum into a plastic garbage bag and seal the bag. Dispose of bag into outside garbage container if possible.
3. Vacate the apartment as the treatment is being done and must stay out of the unit for 4 hours unless otherwise specified.
4. Any pets need to be removed from the house/apartment for same duration as residents.
5. Vacuum at least every few days for up to 2 weeks and dispose of contents of vacuum.
